May 27, 2021

Dear Parent/Guardian,

On May 27, Chinook Learning Services at James Fowler High School used a PreAlert message to notify our community of a positive case of COVID-19 that had been reported by a family or staff member. At that time, the school did not have official confirmation from Alberta Health Services (AHS). The purpose of this message is to inform you that AHS has now confirmed this case. This letter is not a notification of a new case.

The school had already contacted each family or staff member affected by the positive case and now, AHS will follow up. If you were not identified as a close contact, then your child(ren) were not affected by the positive case. The quarantine dates provided to close contacts in the pre-alert have been confirmed by AHS.

We remind parents/guardians of students to monitor for any signs or symptoms of COVID-19. Please remember to complete the Alberta daily checklist each day prior to attending school. [Daily checklist](#)

If you/your child has any of the symptoms of illness listed on the Alberta Health daily checklist, please fill out the online [Alberta Health Services COVID-19 self-assessment](#) or call Health Link at 811 and stay home/keep your child at home. We will continue to provide additional information to parents / guardians as it is available.

Sincerely,

Joan Miles

Assistant Principal, High School Upgrading, Chinook Learning Services
